

Client Rejuvenation Self-Check-In Table

Question	Yes	No
Has any area of your body stopped causing problems the way it used to?		
Has your sleep become longer or more comfortable?		
Do you feel an increase in your vital energy throughout the day?		
Has your appetite changed (more stable, fewer cravings, clearer hunger signals)?		
Have household arguments decreased, or do you feel less reactive?		
Have cravings for junk food lessened or disappeared?		
Do you feel more aware of the effects of unhealthy food when eaten?		
Do you feel noticeably better when consuming healthy, alkaline foods?		
Do you feel more emotionally balanced or centered after sessions?		
Do you sense subtle shifts in awareness, breathing rhythm, or clarity?		
Are you noticing moments of spontaneous calm or inner stability?		
Has your body's recovery time improved after exertion or stress?		
Do you feel more aligned with positive choices or healthier routines?		
Has your intuition or inner guidance felt stronger lately?
