

Regeneration Monthly Package

Thank you for ordering the Regeneration Monthly Package from The Prime Mentor.

How it Works

Your Regeneration Monthly Package will officially begin on the date of your booking. For example, if your Regeneration service is booked on the 5th of the month, the recurring purchase for your next Regeneration service would automatically begin on the 5th of the next month.

You are under no obligation and can cancel your Monthly Regeneration Package at anytime.

With your first Regeneration service, Brad Johnson will be working with your intake form based on the information you've submitted. The Regeneration Monthly Package allows you to have 30-day priority email support with Brad Johnson. You can reach him at any time by email at: info@theprimementor.com.

When the start of your second month for the Regeneration Service begins, if Brad has not heard from you, he will work with the information that you had submitted for your first month by default. Therefore it's important that you contact him before the start of your second month (30 days after your booked Regeneration service from the first month) and let him know of any updates of areas that you would like Brad to work with for the second month so that the first month's areas are not repeated.

The MP3 Summary

When Brad has completed your booked Regeneration service, you will receive an MP3 summary that provides information on the regeneration work performed and will hold custom-made practices/methods for you to work with. If appropriate, Brad may also include an additional PDF document regarding specific instructions or a practice for you to work with alongside your MP3 summary. Your MP3 summary and any other material (if applicable) will be sent to you by email.

Checking In

With this Instructional manual, Brad also included the Check-in Checklist. This is a simple document that you will want to keep with you that will be used the day after Brad has

completed your booked Regeneration service for you. It's important to check in with yourself to notice any subtle changes that are occurring. These can be obvious, or they can be subtle. You will also want to work with your custom-made practice exercise that Brad will create for you through his MP3 summary. As you perform this daily, you will become aware of the changes occurring and shifting yourself into your prime regenerated state. This will be explained in further detail when you receive your MP3 summary.

Conclusion

It's important to remind you again of working with Brad as often as you feel you need to through the next 30 days after your Regeneration Service is completed. Let Brad know how you're feeling, what may have changed, or if you're noticing other areas of complications that may be arising. Brad will respond to you within a few hours to aid you with your Regeneration experience.

Thanks again for your order and we look forward to aiding you upon your regeneration journey.
